Funeral Package Options and Prices April 2025

When it comes to arranging a funeral, everyone has different needs and wishes for their loved one.

Here at John Corner's, we will discuss with you the different options available to be able to choose the best funeral requirements for either a simple dignified arrangement or something more elaborately tailored to your families wishes.

All Funeral Directors are now legally required by law to publish a Standardised Price List for a Standardised set of Products and Services to help you look through all the different choices and options available to you as a family from the different Funeral Directors in your area.

We have different value funeral options for you to consider with our support throughout.

Our prices and package options are detailed below, with the options to tailor each package to your personal needs.

No matter which option you choose your relative will be looked after with the utmost care and attention in our chapel of rest facilities, from the very first phone call from yourselves up until after the day of the funeral. We are here to help you every step of the way in a caring and dignified manner.

We have the latest mortuary facilities which were upgraded in September 2020, which are kept clean and sanitised on a regular basis for the protection against any traces of Covid-19 and other similar viruses.

All funerals can be paid for with either cash, cheque, credit/ debit cards or bank transfer, with a deposit being taken for each funeral of a minimum of £1900.00, unless the direct unattended funeral service option is chosen then we would need payment in full before the funeral date
